DY PATIL UNIVERSITY

**THE INNOVATION**  
UNIVERSITY

## WHO WE ARE?

We are a modern-day extension of the Ajeenkya DY Patil University, offering future-friendly educational programs for the trailblazers, risk-takers, dreamers and doers of tomorrow.

## THE NUOVOS PHILOSOPHY

ADYPU Nuovos was set up with a single-minded purpose to empower a new generation of Indian learners to take advantage of a multitude of new opportunities which lie at the intersection of management, pure science, and technology. We believe that India is at the cusp of unlocking enormous growth across new sectors like Healthtech, Fintech, Edtech and Space technology, as more and more people turn to the Internet and Web 3.0 technologies for solutions.

## AWARDS AND RECOGNITIONS

### **Winner of the 18th Elets World Education Awards 2021**

Under the category for most Promising Engineering Institute in India, Excellence in Course Curriculum & Design, and Leading University in Innovation.

### **Best Education Brand 2018 - 19**

By Economic Times Recognized as Best Education Brand 2018 - 19.

### **Received Education Technology Innovation Award**

By Express Computers (Indian Express Group)

### **Awarded Best Private University 2018**

At Education Excellence Award by ASSOCHAM.

### **ADYPU, School of Engineering ranked 4th**

Under the Top Emerging Engineering Institutes category by Times Engineering Survey.

## INDUSTRY & INTERNATIONAL COLLABORATIONS

De Montfort University (DMU, Leicester) is a global institution known for their teaching excellence. Our partnership with DMU provides students with both global exposure and real-world experience. Through a semester at their campus in Dubai, our students will learn from the very best DMU faculty and will also get to experience semester-long internships with global corporations based out of Dubai.

UWTSD through the Wales Institute of Digital Information ("WIDI") has created an innovative and sustainable institute that is able to move seamlessly between the areas of research, product, and service innovation. Known for their prodigious use of technology, our partnership with WIDI offers HealthTech students with the opportunity to gain cutting-edge research, industry expertise and experience. The HealthTech modules will be taught by highly skilled faculty members from WIDI.

Aadyah Aerospace is a leading space technology company with over 300 man-years of expertise focused on providing bespoke solutions in Mechanical, Electronics, Embedded systems & Optics for Space, Air & Land platforms. As our industry partner, they support the program by way of masterclasses, projects, advising, mentoring, and above all - industry insights.

Larsen & Toubro Ltd is one of the leading engineering conglomerates operating at various parts of the globe providing technology, engineering, construction manufacturing and services including learning and assessment solutions and platforms through its EduTech business unit. L&T EduTech is a new business unit from L&T, which aims to bridge the gap between Industry and Academia. The core objective would be to enhance the employability of students as well as aspiring professionals across various Engineering & Technology sectors.

# WORLD-CLASS FACULTY AND PROGRAM LEADERS

ADYPU NUOVOS students experience the best of all worlds, with international and Indian faculty coming together to offer to teach both in-person at our Pune campus, and virtually, from different parts of the globe.

Our faculty have comprehensive industry experience and subject matter expertise that is essential for building the right foundation of knowledge and skills.
